Success Story: Carwild Corporation

Project Overview

Pat Munger Construction Company, Inc. was proud to partner with Carwild Corporation to construct their new 40,000 SF facility as part of New London's Enterprise Zone revitalization. This modern space was designed to support Carwild's highly specialized manufacturing operations while enhancing efficiency and productivity.

The project's key features included:

- Clean Room Applications – Specialized HVAC systems designed to maintain strict air quality requirements.
- Second-Floor Office Space – Private offices and collaborative areas with a balcony overlooking the harbor.
- Industrial Warehouse – Functional space for efficient manufacturing and distribution operations.
- Elevator Installation – Providing accessibility between floors.

Challenges & Solutions

This project came with unique challenges, but our team's expertise and proactive planning ensured a successful outcome.

- Weather Conditions – Heavy snowfall and consistent rain impacted construction scheduling and site work. However, our team adjusted timelines strategically, implemented weather protection measures, and kept progress moving forward.

- Extensive Site Work – Preparing the land for development required significant effort, but our experienced team managed all aspects efficiently, keeping the project on track.
- Tight Deadline – Despite these obstacles, we not only met but exceeded the project deadline, allowing Carwild Corporation to move into their new facility ahead of schedule.
