**CENTRAL HOSPITAL**  
FOR VETERINARY MEDICINE

After 40 years of dedicated service to the community, Central Hospital for Veterinary Medicine embarked on a significant expansion, choosing to open a second location in Guilford, CT. The new facility, located at 535 Boston Post Road, required the transformation of a former restaurant into a 5,000 SF state-of-the-art referral and emergency veterinary hospital. Pat Munger Construction Company, Inc. was selected to lead this challenging conversion.

**Build The Best - Be The Best**

# Success Story: Central Hospital for Veterinary Medicine

Under the leadership of Mike Cormier Jr. as Project Manager, Mike Buydos as Project Supervisor, and Jeff Brown as Estimator, the Munger team executed a comprehensive building renewal. The existing floor plan presented challenges, but through strategic selective demolition and framing of new partitions, the team successfully reconfigured the space to accommodate key areas like the front lobby, reception, X-ray, O.R., exam rooms, and treatment areas. The installation of new plumbing and medical gas connections ensured the facility was fully equipped to deliver advanced veterinary care. The interior transformation was completed with new flooring, doors, and a fresh coat of paint throughout the facility.

The exterior also underwent a complete overhaul. Munger Construction expanded the parking lot, installed new exterior lighting, and revamped the landscaping, which included creating a fenced outdoor area for animals.

The team gave the building a modern look with a complete exterior paint job, bringing the facility up to the highest standards of appearance and functionality.

Pat Munger Construction Company, Inc. was proud to play a pivotal role in Central Hospital for Veterinary Medicine's expansion, strengthening their ability to serve the Shoreline community and further solidifying Munger's expertise in the veterinary industry.

## **Our Core Competency:**

Building Long Lasting Relationships With Customers and Partners.

## **We Add Value From Start to Finish:**

Convenience, Advice, Integration of High-quality Products, Design/Build Services, Support.

## **No Shortcuts:**

Built to the Highest Structural Standards Without Compromising Integrity, Quality or Professionalism.
