Success Story New Construction

Town of North Branford
290 Forest Road
North Branford, CT 06471

Pat Munger Construction Company, Inc. recently completed a successful design-build construction project for the Town of North Branford CT. The 5,000-square-foot Department of Public Works building is a turn-key solution for the town and through Munger's partnership with Sourcewell. SourceWell municipal members, like the Town of North Branford, are able to meet their needs for a new building for landscaping equipment storage. A roof canopy was added to the back of the building to ensure rainwater did not infiltrate trash receptacles, to meet DEEP regulations. Munger Construction looks forward to more opportunities with the Town of North Branford as well as with other municipalities across Connecticut!
